

PPP Launching & Technical Workshop on Green Hydrogen and its derivatives

Date: 16th April 2026

Venue: Saigon Prince Hotel
63 Nguyễn Huệ, Saigon Ward, Ho Chi Minh City

Time: 08:30 – 17:00

Language: English / Vietnamese (with interpretation)

Time	Agenda Item
8:30 – 09:00	Arrival & Registration
09:00 – 09:05	Opening remarks Mr. Henri Wasnick, GIZ Energy Support Programme, Project Director H2Uppp Vietnam
09:05 – 9:45	Introduction of Public Private Partnership – Green Hydrogen Plant NEUMAN & ESSER – PetroVietnam Gas (PV Gas) PPP Signing NEUMAN & ESSER – PV Gas – GIZ
09:45 – 10:45	Training & Expert support on Green Hydrogen Value Chains: Sizing, project management, technical knowledge, cost & pricing NEUMAN & ESSER
10:45 – 11:00	Coffee Break
11:00 – 12:00	Training for Industry Professionals on Hydro Cut Messer
12:00 – 13:00	Lunch Break
13:00 – 14:00	Training for Industry Professionals on Safety Messer
14:00 – 14:30	Training in GH2 Safety Standards and Safety Certification (EU) TUV SUD

Best-Practices in Green Hydrogen for Replication		
	Room 1 GH2 & Ammonia Production	Room 2 Offgrid Systems
14:40 – 14:55	Feasibility Study: Export-oriented hydrogen and ammonia production in India PPP with RWE Supply & Trading	Market Development: Scaling Modular GH2 for Industrial Transformation, Brazil / Chile PPP with WILO
14:55 – 15:10	Conceptual Design: Industrial park integration of GH2 and ammonia production PPP with Soventix Chile SpA	Market & Feasibility Study: GH2 for energy self-sufficient hotels, resorts and islands PPP with Thailand EGS
15:10 – 15:30	Q&A Session Discussion on investment models, export readiness, and technology transfer (hydrogen/amonia)	Q&A Session Discussion on applicability of offgrid hydrogen solutions in the Vietnamese context
15:30 – 16:30	Coffee Break & Networking exchange	
16:30 – 17:00	End of Event
